

To whom it may concern,

It is without reservation that I recommend Jesse Larson to practice Therapeutic TuiNa massage in Montana or any state in the US. I have witnessed Jesse personally in a professional setting here at the Academy of Acupuncture and Oriental Medicine for one and a half years and he had been practicing for over two years here at this location, AAAOM. He is also a graduate of AAAOM accredited TuiNa Therapeutic Massage program.

Jesse Larson successfully provides safe holistic massage therapies to the patients and staff at AAAOM in order to decrease pain, help patients to feel better, stronger and more agile, decrease anxiety and increase their sense of well-being. Jesse is detailed and passionate about his care while using not only his expertise in massage but also his ability to assess the patient's issues very quickly. While repeated treatments are always suggested in chronic problems, Jesse could affect positive change within one treatment.

Comments I have heard about Jesse Larson:

"Amazing that he can identify the real issues so fast"

"Always ready to work and instant relief from extreme pain"

"Miraculous recovery from a chronic condition, I will always come back to Jesse."

"He cares authentically for each individual patient"

I strongly recommend Jesse Larson for licensure in Montana or any other state for that matter.

Most Sincerely,

Angelika Krohn
